

## **WCG Communications Group Announces Launch of High-Speed Internet in Rivers**

Brandon MB, October 28, 2003 - Westman Communications Group (WCG) is pleased to announce that residential and business customers in Rivers will have access to three tiers of high-speed Internet services by November 5, 2003.

“We are holding an open house so our customers can come out and learn more about the services”, stated David Baxter, President and CEO of Westman Communications Group. The open house will be held in the Rivers Legion Hall, 271 2<sup>nd</sup> Avenue, on Wednesday, November 5. The official launch ceremony will begin at 11:00 am, then WCG staff will be available to demonstrate and answer questions related to the new high-speed Internet services until 8 pm Wednesday evening.

During the open house Westman Communications Group will also be showcasing Digital Cable services where customers can expand their home entertainment services with over 100 channels to choose from. This is an excellent opportunity for Rivers residents to see what Digital Cable is all about if they haven't already tried it.

High-speed Internet from WCG allows users to download the latest movie trailers, listen to great music from around the world, shop anywhere without getting sore feet and do banking and bill paying online. As well, computer gamers will greatly enjoy the extremely fast speeds as they participate in online computer games. WCG's high-speed Internet also offers up to five email addresses, so that every user in the family can have their own address, as well as 15 MB of personal web space. With three tiers of Internet service available, there will be a range of options to choose from. Westman Communications Group provides local customer service and great technical support plus a friendly, professional Help Desk seven days a week.

### **About Westman Communications Group**

WCG is a customer-focused company providing leadership in communication and information technology products and services in cable TV, fibre optics, computer networks, data transport, Internet, advertising and broadcasting. Westman Communications Group is the operating name for Westman Media Cooperative Ltd., which provides service throughout Western Manitoba.
